

Sonoma Water

Tap Water

Deliver water to over
600,000 people

Sanitation

Manage and operate 8
sanitation districts and
zones

Flood Protection

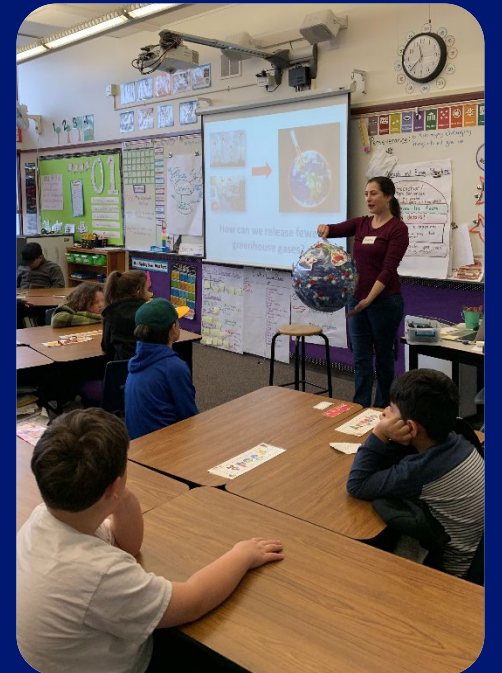

Maintain over 75 miles
of streams

The Water and Energy Education Program

A comprehensive regional program designed to help educators and students learn the value of resource conservation.

Our goal is for students to become environmental stewards, make informed decisions, and examine the world through an inquisitive, scientific lens.

- Three counties
- 28 School districts
- 300 Schools

Water and Energy Education Program

Offering free water and energy education to students throughout their school years.

RUSSIAN RIVER WATERSHED ASSOCIATION
The Russian River Watershed Association is a coalition of eleven cities, counties, and special districts in the Russian River Watershed that have come together to coordinate regional programs for clean water, fisheries restoration, and watershed enhancement. The Russian River Watershed Association includes the cities of Cloverdale, Geary, Healdsburg, Fort Scott Park, Geary Park, Sebastopol and Ukiah; the Town of Windsor; the County of Mendocino, the County of Sonoma, and Sonoma Water.

Next year's theme:
DROUGHT

Small Grants Program

Supporting solution-focused projects related to water or climate change

\$100-\$1,000 per project

- Hydration stations
- School gardens
- Water catchment
- Waste management/composting
