

# CONSERVATION CORPS NORTH BAY

## NATURAL RESOURCES SERVICES

*Conservation Corps North Bay (CCNB) is the oldest local nonprofit youth conservation corps in the country. Serving Marin and Sonoma Counties since 1982, CCNB has helped thousands of young people achieve their goals through education and job skills, while serving the environment and community. Our mission is to develop youth and conserve natural resources for a resilient, sustainable, and equitable community.*

We partner with local agencies, landowners, business owners, and community organizations to improve the communities we serve. Our crews work to make sure outdoor spaces across the North Bay are safe, accessible, and well-maintained. Our crews have experience working independently or alongside partners across Marin, Sonoma, Solano, Napa, and Lake Counties.

The services we provide include:

- Fire fuel reduction
- Habitat restoration
- Trail construction and maintenance
- Flood prevention
- Invasive species removal
- Erosion control
- Drought-resistant native plant landscaping
- Litter abatement

The crew was a pleasure to work with, and we were satisfied with the quality and quantity of work that was completed. Thanks to their efforts, the creeks are more inviting to visitors, the quality of habitat was improved, and fence lines were maintained. We thank them for their hard work!

**KELSEY DUNN, CITY OF SANTA ROSA**

Interested in services not listed here? Let us know! CCNB has worked on a variety of different projects over the years, both short-term and long-term.

Our Natural Resources program employs managers and supervisors with backgrounds as arborists, wildland firefighters, natural resource technicians, biological monitors, landscapers, and more, allowing us to supply you with a crew that will be the best fit for your project.

Contact us to schedule a free on-site inspection and estimate.

CCNB is licensed, bonded, and insured under Contractor License # 690064.

CONSERVATION CORPS NORTH BAY

# NATURAL RESOURCES SERVICES

## LAST YEAR ALONE, OUR CREWS:

removed 12,995 pounds of  
litter from public lands

restored or improved 213  
acres of natural habitat

maintained 54 miles of  
creeks to prevent flooding

built and maintained 109  
miles of trails

reduced fire fuels on 480 acres  
of public and private land

CCNB crews perform the bulk of our yearly fire prevention, vegetation management, and storm preparation. They are indispensable to Marin County Parks, and their staff are knowledgeable and hardworking crew leaders.
